“This is just the beginning for what we are doing with FIFA as we want to bring this kind of emotion and excitement to the game for years to come. We think, gameplay and performance – these are the things that can be enhanced. We will continue to push on all fronts to deliver the best FIFA ever to our fans.” – SE Jeff Strasser, SVP, EA Sports More FIFA Content

The new FIFA Classic Mode released alongside Fifa 22 Activation Code also now features six new editions of the game. These great looking re-mastered versions of FIFA 1971, 1979, 1981, 1985 and 1990 all offer enhanced visuals while retaining the depth of gameplay and realism that fans have come to expect from FIFA. The new editions will be available for purchase in stores, or you can download them now by purchasing the new FIFA Classic downloadable content pack. The pack includes ‘Classic Mode’ for both FIFA and FIFA World Cup in addition to the six new editions for a total of 13 classic editions available to play in your favorite FIFA game. See below for details on the classic editions and all their individual new features. FIFA 1971. FIFA 1979. FIFA 1981. FIFA 1985. FIFA 1990. FIFA World Cup

FIFA has been scored by the world’s best musicians since its inception, and the upcoming release of FIFA World Cup will continue that legacy. FIFA World Cup is the biggest soccer competition in the world and, now that we’ve added Classic Mode, we’ve been able to score music in ways we have never done before. We have not only incorporated fan feedback into the scoring, but also recorded a “classic” version of the songs that people have grown to love. FIFA World Cup features the most comprehensive World Cup content to date, including the most realistic players, stadiums, and balls ever, and is the perfect match for the Real Madrid, Barcelona, and Lionel Messi, on and off the pitch. Lionel Messi is a match for any FIFA player, and his precision passing and non-stop movement will challenge them all! Neymar’s dribbling, headers, and speed will test even the most seasoned playmaker, while Cristiano Ronaldo will push players’ skills to the limit in another new Career Mode challenge. Plus, the FIFA World Cup is not only the biggest game of soccer in the

What's new:

-
- Dynamically change teams, kits, player cards and more with Player Shape, a new way to change players' appearances in-game.
 - Play 180 minutes of 4v4 tournament play with the Ultimate Team Cup.
 - A new way to refine your gameplay with Move Training, an in-game, training system that teaches you by using detailed analysis of your gameplay. Talk to your FIFA Manager to see the results.
 - Improve tactics with the Team Talk command, which allows you to see and learn tactics from a manager or friend. Try out your opposition's tactics before you face them.
 - Keep track of every shot you've taken in FIFA 22.
 - Make your international friendships competitive with online friendlies
 - Slight improvement to Matchday Moments, a new experience that allows you to interact with players from around the world.
 - New features and improvements to popular licenses like Juventus, Inter Milan, Arsenal, Barcelona, and more.
 - New camera angles and commentary to really get inside the game.
 - Moves also bring a new concept called Player Instincts - each movement has a feel that subconsciously pulls players into his or her movement. For example, a player that keeps the ball with a preferred foot will feel much more in control of the ball than a player that finds no feet for the ball.
 - Player Instincts really push the game to a new level.
 - Highlight and shot profiles now contain player cards as well.
 - Player assist options have also been added.
 - A new option for lock-on mode to make your gameplay easier, thanks to Jeremy Baud for his work on this.
 - Speed up and slow down the game to test out new shots, and change pace and positioning to see who's trying to match you.
 - Realistic player movement, gives the experience of playing the games the way FIFA players play.
 - Compatible with all major players, all licensed in-game players are player models just like those on PS4 and Xbox One.
 - New animations model closely after players that play true football match.
